## PRAGUE – PLACES OF INTEREST

**Prague, City of a Hundred Spires, a UNESCO monument and one of the most beautiful cities in the world.**

The Old Town Hall with the famous **Prague Astronomical Clock**. The winding lanes of the **Jewish Quarter**, which you know from the novels of Franz Kafka, steeped in the legend of the Golem. Cafes enticing you to come and have a seat, boutiques and sight-seeing cruises on the Vltava. The Gothic **Charles Bridge** and **Church of St. Nicholas**

in the Lesser Town, the most beautiful Baroque church in Prague. The Palace Gardens set away from the bustle of the city, **Petřín** with a lookout tower reminiscent of a small Eiffel Tower and **Prague Castle**. Each of Prague's districts has its own characteristic atmosphere and unique charm. Prague presents itself to you as a changeable city, which likes to alternate styles: it is romantic and successful, ancient and modern, but above all, it is a city that is cosmopolitan through and through and is used to welcoming foreigners.
